Mr. John Bok
Radio Station WHRB
16 Dunster Street
Cambridge, Mass.

Dear John:

I am answering your letter in the absence of Bob Shephardson, our records director. He will write later, giving more detailed information.

At the moment WYBC is included in the sample service of Columbia and Capitol Records. To my knowledge this is handled chiefly through local distributers, this area being covered by men in Hartford. As a preliminary you might get in touch with any and all Boston distributers. Also a good move would be to have some Boston disc jockey put in a good word for you here and there.

That's about all I can tell you now, John, but as I say, Bob Shephardson will write you at a future date.

Cordially yours,

THE YALE BROADCASTING COMPANY, INC.

Howard Eaton, Jr.
Program Director.
